

## EXECUTIVE SUMMARY

On June 28, 2005 the Division for Air Quality received an application from Pittsburg Tank & Tower, Inc., to operate a steel water tank fabrication facility in Henderson, Kentucky. The application was processed under Activity ID number APE20050002 and was deemed complete on August 28, 2005.

The issuance of a Federally Enforceable State Operating Permit (FESOP) requires a preliminary determination and public notice. The Division has done this. An advertisement was placed in The Gleaner of Henderson, Kentucky on December 23, 2005. The thirty-day comment period has expired with no comments received.

In conclusion, a thorough analysis has been made of all relevant information available, which pertains to this application. The Division has concluded that compliance with the permit will assure compliance with all air quality regulations and requirements.
